**Notes to Editors**

Guscio plc is an AIM quoted company. Its strategy is to develop technology platforms focused on physical literacy and active learning for young people and for the assessment of progress in sport. The Directors believe that the Company has a first-mover advantage through its two revenue generating subsidiaries, which have proprietary technology in this sector:

- **Sportsdata** - a web-based programme, skills2achieve, which can track and assess progress in physical literacy in schools; and
- **Dataplay** - a white-label platform for the tracking, assessment and evidencing of impact in sports.

Importantly, it has a key partner in the Youth Sport Trust, a leading independent charity devoted to changing young people's lives through sport.
